**BRIDGE INVESTMENT GROUP HOLDINGS INC. REPORTS THIRD QUARTER 2024 RESULTS**

SALT LAKE CITY, UTAH—November 6, 2024—Bridge Investment Group Holdings Inc. (NYSE: BRDG) (“Bridge” or the “Company”) today reported its financial results for the quarter ended September 30, 2024.

Net Income was \$10.6 million for the quarter ended September 30, 2024. On a basic and diluted basis, net income attributable to Bridge per share of Class A common stock was \$0.11 and \$0.04, respectively.

Fee Related Earnings to the Operating Company were \$32.4 million for the quarter ended September 30, 2024.

Distributable Earnings of Bridge Investment Group Holdings LLC (the “Operating Company”) were \$28.2 million, or \$0.15 per share after-tax, for the quarter ended September 30, 2024.

Robert Morse, Bridge’s Executive Chairman, stated “Bridge’s operations and financial results remain resilient and we are optimistic about the outlook for our business as commercial real estate conditions continue to strengthen. Notably, improvements in debt markets and capital costs have led to early signs of recovery in volumes and valuations. While the recovery will play out over time, the convergence of strong secular tailwinds in many of our specialized verticals, favorable supply/demand dynamics, reset asset prices and normalizing borrowing conditions all indicate a positive future for Bridge.”

Common Dividend

Bridge declared a quarterly dividend of \$0.10 per share of its Class A common stock, payable on December 20, 2024 to its Class A common stockholders of record at the close of business on December 6, 2024.

Additional Information

Bridge Investment Group Holdings Inc. issued a full detailed presentation of its third quarter 2024 results, which can be viewed on the Investors section of our website at www.bridgeig.com. The presentation is titled “Third Quarter 2024 Earnings Presentation.”

Disclaimer

The information contained herein does not constitute or form part of, and should not be construed as, an offer or invitation to subscribe for, underwrite or otherwise acquire, any securities of Bridge Investment Group Holdings Inc. ("Bridge" or the "Company"), Bridge Investment Group Holdings LLC (the "Operating Company") or any affiliate of Bridge, or any fund or other investment vehicle managed by Bridge or an affiliate of Bridge. This presentation should not form the basis of, or be relied on in connection with, any contract to purchase or subscribe for any securities of Bridge or any fund or other investment vehicle managed by Bridge or an affiliate of Bridge, or in connection with any other contract or commitment whatsoever. This presentation does not constitute a "prospectus" within the meaning of the Securities Act of 1933, as amended. Any decision to purchase securities of Bridge or any of its affiliates should be made solely on the basis of the information contained in a prospectus to be issued by Bridge in relation to a specific offering.

Forward-Looking Statements

This presentation contains forward-looking statements. All statements other than statements of historical facts contained in this presentation may be forward-looking statements. Statements regarding our future results of operations and financial position, business strategy and plans and objectives of management for future operations, including, among others, statements regarding expected growth, capital raising, expectations or targets related to financial and non-financial measures, future capital expenditures, fund performance and debt service obligations, are forward-looking statements. In some cases, you can identify forward-looking statements by terms, such as "may," "will," "should," "expects," "plans," "seek," "anticipates," "plan," "forecasts," "outlook," "could," "intends," "targets," "projects," "contemplates," "believes," "estimates," "predicts," "potential" or "continue" or the negative of these terms or other similar expressions. Accordingly, we caution you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions and uncertainties that are difficult to predict and beyond our ability to control.

Although we believe that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements. If one or more events related to these forward-looking statements or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, actual results may differ materially from what we anticipate. Many of the important factors that will determine these results are beyond our ability to control or predict. We believe these factors include but are not limited to those risk factors described under the section entitled "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2023, filed with the United States Securities and Exchange Commission (the "SEC") on March 7, 2024, which is accessible on the SEC's website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with other cautionary statements included in this report and our other filings. You should not place undue reliance on any such forward-looking statements. Any forward-looking statement speaks only as of the date on which it is made, and, except as otherwise required by law, we do not undertake any obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise. New factors emerge from time to time, and it is not possible for us to predict which will arise. We cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

Industry Information

Unless otherwise indicated, information contained in this presentation concerning our industry, competitive position and the markets in which we operate is based on information from independent industry and research organizations, other third-party sources and management estimates. Management estimates are derived from publicly available information released by independent industry analysts and other third-party sources, as well as data from our internal research, and are based on assumptions made by us upon reviewing such data, and our experience in, and knowledge of, such industry and markets, which we believe to be reasonable. In addition, projections, assumptions and estimates of the future performance of the industry in which we operate and our future performance are necessarily subject to uncertainty and risk due to a variety of factors, which could cause results to differ materially from those expressed in the estimates made by the independent parties and by us.

Non-GAAP Financial Measures

This presentation uses financial measures that are not presented in accordance with generally accepted accounting principles in the United States ("GAAP"), such as Distributable Earnings, Fee Related Earnings, Fee Related Revenues and Performance Related Earnings, to supplement financial information presented in accordance with GAAP. There are limitations to the use of the non-GAAP financial measures presented in this presentation. For example, the non-GAAP financial measures may not be comparable to similarly titled measures of other companies. Other companies may calculate non-GAAP financial measures differently than the Company, limiting the usefulness of those measures for comparative purposes.

Throughout this presentation, all current period amounts are preliminary and unaudited.

Notes to Performance Summary

The investment performance presented herein is intended to illustrate the performance of investments held by the funds and other vehicles we manage and the potential for which is relevant to the performance-based fees to Bridge. Other than the Investor Unlevered Net IRR and the Investor Levered Net IRR numbers presented herein, the cash flows in the investment performance do not reflect the cash flows used in presentations of fund performance due to the fund level expenses, reserves, and reinvested capital.

- (1) Closed-End Funds represented herein does not include performance for (i) certain Opportunity Zone funds with investments which have not been marked-to-market, and (ii) funds that are currently raising capital, including our open-ended funds. Each fund identified contemplates all associated parallel and feeder limited partnerships in which investors subscribe and accordingly share common management. All intercompany accounts and transactions have been eliminated in the combined presentation. Values and performance presented herein are the combined investor returns gross of any applicable legal entity taxes.
- (2) Cumulative Fund Committed Capital represents total capital commitments to the fund (excluding joint ventures or separately managed accounts).
- (3) Unreturned Drawn Capital + Accrued Pref represents the amount the fund needs to distribute to its investors as a return of capital and a preferred return before the General Partner is entitled to receive performance fees or allocations from the fund.
- (4) Cumulative Investment Invested Capital represents the total cost of investments since inception (including any recycling or refinancing of investments). This figure will differ from Cumulative Paid-In Capital, which represents the total contributions or drawn down commitments from all investors since inception.
- (5) Realized Investment Value represents net cash proceeds received in connection with all investments, including distributions from investments and disposition proceeds.
- (6) Unrealized Investment Value represents the estimated liquidation values that are generally based upon appraisals, contracts and internal estimates. There can be no assurance that Unrealized Investment Value will be realized at valuations shown, and realized values will depend on numerous factors including, among others, future asset-level operating results, asset values and market conditions at the time of disposition, transaction costs, and the timing and manner of disposition, all of which may differ from the assumptions on which the Unrealized Investment Fair Value are based. Direct fund investments in real property are held at cost minus transaction expenses for the first six months.
- (7) Unrealized Investment MOIC represents the Multiple on Invested Capital ("MOIC") for Total Investment Fair Value associated with unrealized investments before management fees, fund level expenses and carried interest, divided by Cumulative Investment Invested Capital attributable to those unrealized investments.
- (8) Total Investment Fair Value represents the sum of Realized Investment Value and Unrealized Investment Value, before management fees, expenses and carried interest.
- (9) Total Investment MOIC represents MOIC for Total Investment Fair Value divided by Cumulative Investment Invested Capital.
- (10) Investor Levered Net IRR is an annualized realized and unrealized internal rate of return to fee-paying fund investors, computed from inception based on the effective dates of cash inflows (capital contributions) and cash outflows (distributions) and the remaining fair value, net of the investors actual management fees, fund level expenses, and carried interest. Net return information reflects aggregated fund-level returns for fee-paying investors using actual management fees paid by the fund. The actual management fee rates from individual investors will be higher and lower than the actual aggregate fund level rate. This return may differ from actual investor level returns due to timing, variance in fees paid by investors, and other investor-specific investment costs such as taxes. Because IRRs are time-weighted calculations, for newer funds with short measurement periods, IRRs may be amplified by fund leverage and early fund expenses and may not be meaningful. For IRRs calculated with an initial date less than one year from the reporting date, the IRR presented is de-annualized, representing such period's return.
- (11) Investor Unlevered Net IRR is an annualized realized and unrealized internal rate of return to fee-paying fund investors, computed from inception based on the effective dates of cash inflows (capital contributions and drawdowns on fund lines of credit) and cash outflows (distributions and repayments on fund lines of credit) and the remaining fair value (after removing outstanding balances on fund lines of credit), net of the investors actual management fees, fund level expenses, and carried interest. Net return information reflects aggregated fund-level returns for fee-paying investors using actual management fees paid by the fund. The actual management fee rates from individual investors will be higher and lower than the actual aggregate fund level rate. Because IRRs are time-weighted calculations, for newer funds with short measurement periods, this IRR may be amplified by early fund expenses and may not be meaningful. For IRRs calculated with an initial date less than one year from the reporting date, the IRR presented is de-annualized, representing such period's return.
- (12) Any composite returns presented herein do not represent actual returns received by any one investor and are for illustrative purposes only. Composite performance is based on actual cash flows of the funds within a strategy over the applicable timeframes and are prepared using certain assumptions. Each fund has varied investment periods and investments were made during different market environments; past performance of prior funds within a strategy is not a guarantee of future results. Fund investors generally pay fees based on a defined percentage of total commitments during the investment period and invested capital thereafter, but some fund investors may pay fees based on invested capital for the life of the fund according to the applicable governing documents. Additional information on the calculation of this composite performance, including applicable assumptions and supporting data, can be made available promptly upon request.

*** Indicates a negative return that results in an IRR that is incalculable. The returns for Total Office Funds are not presented because Bridge Office I is incalculable.

Assets Under Management	Assets under management, or AUM, represents the sum of (a) the fair value of the assets of the funds and vehicles we manage, plus (b) the contractual amount of any uncalled capital commitments to those funds and vehicles (including our commitments to the funds and vehicles and those of Bridge affiliates). Our AUM is not reduced by any outstanding indebtedness or other accrued but unpaid liabilities of the assets we manage. Our calculations of AUM and fee-earning AUM may differ from the calculations of other investment managers. As a result, these measures may not be comparable to similar measures presented by other investment managers. In addition, our calculation of AUM includes uncalled commitments to (and the fair value of the assets in) the funds and vehicles we manage from Bridge and Bridge affiliates, regardless of whether such commitments or investments are subject to fees. Our definition of AUM is not based on any definition contained in the agreements governing the funds and vehicles we manage or advise.
Distributable Earnings	Distributable Earnings, or DE, is a key performance measure used in our industry and is evaluated regularly by management in making resource deployment and compensation decisions, and in assessing our performance. DE differs from net income before provision for income taxes, computed in accordance with U.S. GAAP in that it does not include depreciation and amortization, income (loss) from consolidated fund investments, unrealized performance allocations and related compensation expense, unrealized gains (losses), share-based compensation, cash income attributable to non-controlling interests, charges (credits) related to corporate actions and non-recurring items. Although we believe the inclusion or exclusion of these items provides investors with a meaningful indication of our core operating performance, the use of DE without consideration of the related U.S. GAAP measures is not adequate due to the adjustments described herein. This measure supplements and should be considered in addition to and not in lieu of the results of operations discussed further in our most recent annual report on Form 10-K and quarterly report of Form 10-Q under "Management's Discussion and Analysis of Financial Condition and Results of Operations—Key Components of our Results of Operations—Combined Results of Operations" prepared in accordance with U.S. GAAP. Our calculations of DE may differ from the calculations of other investment managers. As a result, these measures may not be comparable to similar measures presented by other investment managers.
Dry Powder	Dry Powder represents of uncalled committed capital that is available for investment.
Fee-Earning AUM	Fee-Earning AUM, or FEAUM, reflects the assets from which we earn management fee revenue. The assets we manage that are included in our FEAUM typically pay management fees based on capital commitments, invested capital or, in certain cases, NAV, depending on the fee terms.
Fee Related Earnings	Fee Related Earnings, or FRE, is a supplemental performance measure used to assess our ability to generate profits from fee-based revenues that are measured and received on a recurring basis. FRE differs from income before provision for income taxes computed in accordance with U.S. GAAP in that it adjusts for the items included in the calculation of Distributable Earnings, and also adjusts Distributable Earnings to exclude realized performance allocations income and related compensation expense, net insurance income, earnings from investments, net interest (interest income less interest expense), net realized gain (loss), income (loss) from consolidated fund investments, and, if applicable, certain general and administrative expenses when the timing of any future payment is uncertain. FRE is not a measure of performance calculated in accordance with U.S. GAAP. The use of FRE without consideration of the related U.S. GAAP measures is not adequate due to the adjustments described herein. Our calculations of FRE may differ from the calculations of other investment managers. As a result, these measures may not be comparable to similar measures presented by other investment managers.

Glossary (cont'd)

Fee Related Expenses	Fee Related Expenses is a component of Fee Related Earnings. Fee Related Expenses differs from expenses computed in accordance with U.S. GAAP in that it does not include incentive fee compensation, performance allocations compensation, share-based compensation, loss and loss adjustment expenses associated with our insurance business, depreciation and amortization, or charges (credits) related to corporate actions and non-recurring items, expenses from consolidated fund investments, and expenses attributable to non-controlling interest in consolidated entities. Additionally, Fee Related Expenses is reduced by the costs associated with our property operations, which are managed internally in order to enhance returns to the Limited Partners in our funds. Fee Related Expenses are used in management's review of the business. Please refer to the reconciliation to the comparable line items on the consolidated and combined statements of operations.
Fee Related Revenues	Fee Related Revenues is a component of Fee Related Earnings. Fee Related Revenues is a component of Fee Related Earnings. Fee Related Revenues includes fund management fees, transaction fees net of any third-party operating expenses, fee related performance revenue, net earnings from Bridge property operators, development fees, fund administration fees, and other asset management and property income. Fee related performance revenue is comprised of performance-based fees earned by our general partners from open-end funds. These fees are generally based on the investment returns, subject to preferred returns and/or high-watermarks, for the applicable measurement period of the open-end fund. Fee related performance revenues are measured and eligible to be received on a recurring basis and are not dependent on realization events from the underlying investments. Net earnings from Bridge property operators is calculated as a summation of property management, leasing fees and construction management fees less third-party operating expenses and property operating expenses. Property operating expenses is calculated as a summation of employee compensation and benefits, general and administrative expenses and interest expense at our property operators. We believe our vertical integration enhances returns to our shareholders and fund investors, and we view the net earnings from Bridge property operators as part of our fee related revenue as these services are provided to essentially all of the real estate properties in our equity funds. Net earnings from Bridge property operators is a metric that is included in management's review of our business. Please refer to the reconciliation to the comparable line items on the combined statements of operations. Fee Related Revenues differs from revenue computed in accordance with U.S. GAAP in that it excludes insurance premiums and income (loss) from consolidated fund investments. Additionally, Fee Related Revenues is reduced by the costs associated with our property operations, which are managed internally in order to enhance returns to the Limited Partners in our funds.
Fund Management Fees	Fund management fees refers to fees we earn for advisory services provided to our funds, which are generally based on total commitments, invested capital or net asset value managed by us. Fund management fees are generally based on a quarterly measurement period and amounts are paid in advance of recognizing revenue.
Operating Company	Bridge Investment Group Holdings LLC, or the Operating Company, acts as a holding company of certain affiliates that provide an array of asset management services. The Operating Company is the ultimate controlling entity, through its wholly owned subsidiary Bridge Fund Management Holdings LLC, of the investment manager entities, which we refer to collectively as the Fund Managers.
Sponsored Funds	Sponsored Funds refers to the funds, co-investment vehicles and other entities and accounts that are managed by Bridge, and which are structured to pay fees.
